

# COLT

# K6715E011

Full sized hot forged durable quickdraw with solid gates intended for sport climbing.

CE 1019  
EN 566  
EN 12275

Reading and understanding instruction for use are required to use this product!  
Bez důkladného přečtení a pochopení návodu k použití nepoužívejte tento výrobek

Material		polyamide
		aluminium alloy
Weight		99 g 3.49 oz
Width of sling		16/25 mm 0.63/1 in
Length of sling		12 cm 4.72 in

## Description:

COLT quickdraw is reliable and durable solution for crag climbing and when working on routes.

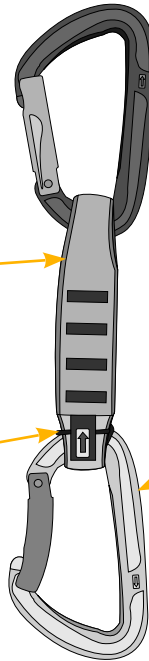

Each carabiner is individually tested for the strength 10 kN.

Durable and easy-to grab vari-width 16/25 mm polyamide webbing.

Wide middle part is easy to grab (e.g. when working on routes), while narrow ends do not load the carabiners extremely.

Strength  $\blacktriangleleft \blacktriangleright$  22 kN

Bottom bent carabiner equipped with a rubber O-ring to hold the carabiner in correct position and to facilitate clipping the rope.

COLT / straight  
A full sized hot forged quickdraw carabiner with solid straight gate.

Strength	$\blacktriangleleft \blacktriangleright$	26 kN
	$\blacktriangleup \blacktriangledown$	8 kN
		11 kN
Gate opening		21 mm

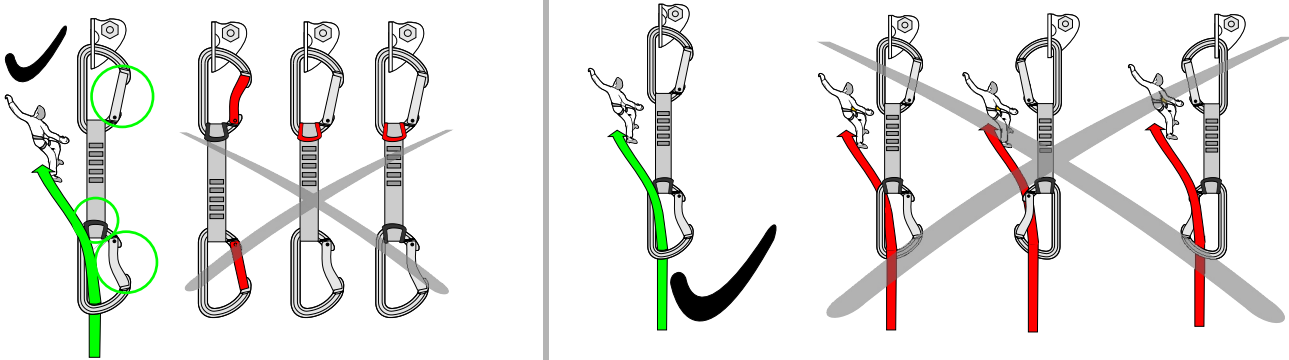

Top straight carabiner equipped with the Keylock system and a special shaped grooves which facilitates clipping and cleaning the bolts.

COLT / bent  
A full sized hot forged quickdraw carabiner with solid bent gate.

Strength	$\blacktriangleleft \blacktriangleright$	26 kN
	$\blacktriangleup \blacktriangledown$	8 kN
		11 kN
Gate opening		21 mm

Bottom bent carabiner with the Keylock system for smooth clipping and unclipping the rope.
