

BANDIT

with hammer / with adze

Versatile ice axe for a wide range of use. Given its modular design, the ice axe can be adapted to a particular ascent. Head shape is designed so that it can be jammed into the cracks and to provide support for climbing in soft snow.

DESCRIPTION

Included with ICE pick and removable extra pick weights MASS for stronger swing (to improve pick penetration into the hardest ice).

The weight of the head is concentrated in the trajectory of the swing making penetration into hard ice as easy as possible.

RHINO hook is designed for higher grip in demanding ice/-mixed climbing or, in contrast, in climbing snow slopes.

BOXER protects fingers against injury and getting drenched and enables leashless climbing.

A carabiner or BUNGEE tether may be attached to the spike.

Possible to connect a carabiner to the head or hang the ice axe on PORTER.

Hot forged head allows use of adze/hammer and choice of ICE or DRY pick (for demanding mixed climbing the ice axe can be used without adze/hammer).

Bent shaft makes hooking in steep ice or rock easy while creating an optimum grip angle.

Ergonomically shaped handle is made of dual-density plastic for thermal insulation and safe grip.

KEY FEATURES

- hot forged head
- modular design
- ergonomically shaped handle

STANDARDS

CE 1019

EN 13089
ICE / DRY pick type 2 (T)
shaft type 2 (T)

FEATURES

50 cm

610 g

(incl. hammer/adze,
ICE pick, BOXER and RHINO)

warranty

MATERIALS

- 50 % CrMo steel
- 40 % AL alloy
- 9 % plastic
- 1 % stainless steel

USE

MAINTENANCE

Lifetime of this product is not strictly limited by the manufacturer. Depending on the condition of the product and its history it may be necessary to retire it immediately (e.g. visible signs of damage). Lifetime of this product can be influenced by various factors such as: frequent or improper use; usage environment (humidity, freezing, ice); wear; corrosion; serious stress with relative deformation; exposure to heat sources; improper storage; etc.

drying

beware of salt

beware of UV

beware of chemicals

no grinding
