

# ↑ CUBE

If you're a fan of cubes, origami, and the colors yellow and black – this is the perfect product for you! In this folding box, your throw lines won't get tangled and will always be ready for use.

## DESCRIPTION

Tilt-up divider allows easy storage and transport of 2 throw lines.

This box will keep your throw line kits clean and prevent their tangling during transport. You can also use it to store other stuff in your car or workshop.

Closure in folded state is secured by plastic buckles.

Bottom is made from water-resistant material.

Interior also offers 2 velcro straps for securing the end of lines and 4 textile loops for other equipment.

4 internal mesh pockets are available for storing throw bags.

Reinforced seams and heavy-duty fabric sides ensures a long lifetime.
