

COVER SMOKE

eye shield

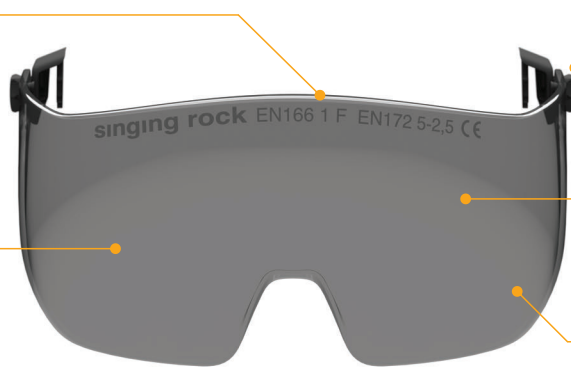

Sight is the most important sense. The COVER shield for Singing Rock work helmets protects eyes from fast-moving particles and, in the SMOKE variant, from the harsh sun. With this visor, no mess will hit your eye and you'll finish your job without a hitch.

DESCRIPTION

Designed for professional use, meets PPE Category II requirements.

Anti-scratch surface treatment ensures excellent optical performance.

Fabric pouch for transport and storage included.

Durable positioning mechanism perfectly holds the shield in the open or closed position.

Provides increased protection against fast moving particles.

Level 2.5 filter protects eyes from sunlight.

KEY FEATURES

- compatible exclusively with Singing Rock FLASH and Singing Rock BLAST helmets (cannot be used alone or with other helmets)
